March 9, 1937

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Brookline:

I herewith submit my nineteenth annual report which is also the nineteenth in the series of such reports.

SUPERVISORY SCHOOL UNION No. 40

The School Districts in the Union are Amherst, Brookline, Hollis, Milford, and Mont Vernon. Hollis came into the Union July 1, 1933.

The several School Boards of a Supervisory Union together constitute a joint committee which meets annually between April 1 and June 1 at a time and place fixed by the Chairman of this joint committee. The committee organizes and chooses a Chairman, Secretary, and Treasurer. At the present time Mr. Francis C. Reagan of Mont Vernon is Chairman, Mrs. Jennie S. Fessenden of Brookline is Secretary, and Mr. Raymond A. Dyer of Milford is Treasurer. This joint Board nominates a Superintendent of Schools, fixes his salary and apportions the salary among the several districts. A Union may add such amount as they determine to the minimum amount paid by the state which at present is \$2000. The additional amount voted by the Union for the current year ending June 30, 1938 is \$1600. This is divided among the several districts as follows: Amherst 17%, Brookline 8%, Hollis 14%, Milford 56%, and Mont Vernon 5%.

This joint committee also has authorized the employment of a clerk in the Superintendent's office. For salary of clerk and other office expenses the Union has appropriated \$890 distributed as follows: Amherst \$151.30, Brookline \$71.20, Hollis \$124.60, Milford \$498.40, and Mont Vernon \$44.50.

In nominating a Superintendent of Schools each district is entitled to three representatives having one vote each on the joint Board. Each district employing more than eight full-time teachers is entitled to one additional vote for each five teachers or major part in excess of eight, hence, in this Union each district has three votes and Milford four additional.

TEACHERS

Miss Josephine Altenau who taught the grammar room from September 1933 to June 1937, declined reappointment. Her place has been taken by Miss Alice Ouellette of Brookline. Miss Ouellette graduated from Keene Normal School in 1935 and has taken advanced study at Boston University. The assignment still includes grades VI-VII-VIII, with 26 pupils now enrolled.

Miss Eleanor Morrill who taught the intermediate room is now a teacher in the Junior High School at Wolfeboro. Her place is taken by Miss Madeline Nash of Nashua. She is a graduate of Keene Normal School in 1933, and has taught in rural schools before coming to Brookline. The enrollment in this room, grades III-IV-V, is 29 pupils.

Miss Dorris Campbell of Milford is serving her second year in the primary room, grades I-II, 23 pupils. Miss Campbell graduated from Plymouth Normal School and taught two years in Lyman before coming to Brookline.

Miss Elsie Wheeler of Greenville continues as music supervisor. Her schedule calls for a visit each Wednesday afternoon to each school. Miss Wheeler also has the public school music work in Amherst, Mont Vernon, Greenville, Mason, New Ipswich, and the elementary schools in Milford.

HIGH SCHOOL OPPORTUNITY

For several years there has been a very active interest in High School attendance. The District voted last March to authorize the School Board to contract for tuition in New Hampshire High Schools at an amount not to exceed the average cost of high school instruction in New Hampshire high schools the preceding year which has proved to be \$75.55. The contract with Milford is at the rate of \$75 per year. The object of having the District take a vote in regard to tuition is that parents may be relieved from paying a part of the tuition which might be the situation were it not for the vote.

The following Brookline pupils are attending Milford High School: Aleada Austin (XII), Bequita Barnaby (XII), Grace Bergh (XII), Malcolm Bishop (XII), Marjorie Bathman (XI), Ellen Farwell (XI), Orville Fessenden (XI), Norman Homoleski (XI), Ruth Jensen (XI), John Mathews (XI), Eleanor Perkins (XI), Beatrice Soucy (XI), Stephen Homoleski (X), Hobart

Powers (X), Alpha Hall (IX), Wilfred Soucy (IX), Alvin Taylor (IX), Mary Whitecomb (IX).

Transportation for tuition pupils is provided by Mr. Jillson who combines High School transportation with the elementary route to Brookline on his return trip, and by Mr. Jensen who runs a special high school route to Milford. Brookline School District pays for the elementary transportation only. Parents are responsible for high school transportation.

ADULT EDUCATION

Last year study courses for adults, that is, persons who have finished school, were organized with Milford as a center for the activity. Mr. Albert N. French of Durham was assigned to us as the leader of the project. He is still in charge and the work is again being conducted this school year. The whole plan is conducted much like ordinary correspondence courses, but there is no cost to the persons taking the courses. Study materials are issued and the work is usually done at home with weekly reports or check-ups with Mr. French who is in Brookline every Wednesday. About one hundred eighty persons in Union No. 40 are studying under this plan.

FINANCES

Since the equalized valuation of Brookline is relatively small in proportion to the demands for school money, state-aid becomes quite an item in the budget. The state-aid check received in December 1937 was \$1001.87. The amount to be received December 1938 is \$875.38. Amounts received for a few previous years have been \$1141.90, \$1086.40, \$799.72, \$1168.56, \$138.32, \$685.49, \$747.85, \$1334.00, \$80.08, \$126.19. In addition to this item of income other than taxes there is the dog tax which averaged about \$195 during the last ten years, and income from the Dodge Trust Fund which is forwarded from the Worcester Trust Company each October and April. The two payments from trust funds for the school year 1936-1937 together amounted to \$659.88. Corresponding amounts for the last five years have been \$520.81, \$282.11, \$346.65, \$290.55, \$576.78. These sources of income, it is evident, materially decrease the amount of money that needs to be raised by taxation. Since the state aid depends in a general way on the amount of money that is spent for various items and since state aid is intended to keep up the standards in instruction,

books, supplies, etc., any decrease in any such expenditures would cause a corresponding decrease in state-aid.

Hence, it is entirely feasible to maintain salary schedules at a level which will enable us to secure competent teachers for it is the quality of the teacher that is the main factor in the education of the pupil—an education which Angelo Patri has described as follows: “I would like to teach every child in the schools, every student in the colleges, every worker in apprenticeship, to study to perfect themselves physically, mentally, morally, through their chosen work. That is their business. It is also the business of their elders. The first step forward in any cause begins with the perfection of the individual, within his own soul.”

SCHOOL PLANT

During the past year the primary building has been painted on the outside. All other minor repairs have been taken care of as usual.

Needs include the following:

1. Better ventilation at the grammar room.
2. Better heat and ventilation at the primary building to provide better constant of air and more even distribution of heat throughout the rooms.
3. Toilets at the primary building. This item is very important because the chemical toilets purchased quite a few years ago will not last much longer and should be replaced by a flush system. Also water for drinking and washing is needed. From the appearance of the cellar it would seem that the soil is quite sandy which makes it feasible to sink a tile well. This ought to be done without delay.

THE CLASSROOM TEACHER

Mr. Daniel W. MacLean of Berlin, President of the New Hampshire State Teachers' Association has recently written:

"... The world, since early dawn, has produced great teachers whose influence has brought about great changes in our political, social, and economic life. In this great rush of the machine age

in which we now live, the importance of the classroom teacher, in a great many cases, is lost sight of . . . The classroom teacher, with all the added duties as a result of the constant change in the home life of the children under her direction, new courses of study, extra-curricula activities, and advanced professional study, has met the challenge this age presents to her and is still the paramount factor in whatever situation the school finds itself. Through her wisdom and good judgment, she has chosen wisely the means best adapted to give the young people placed under her direction the culture and subject matter required to fit them for the problems of life that they must inevitably face."

HAROLD C. BALES,
Superintendent of Schools

REPORT OF SCHOOL NURSE

To Mr. Harold C. Bales, Superintendent of Schools, Brookline,
New Hampshire:

The following is my annual report of the school health work in Brookline.

The annual medical inspection was made in September by Dr. Winograd. The report of this inspection will be found in the School Physician's report.

A dental clinic was held in the Daniels Academy building February 1937 at which thirty-eight children received treatment. Local clubs and organizations also contributed toward this project. The following is an account of the work accomplished:

Number of cleanings	12
Number of temporary extractions	25
Number of cement fillings	43
Number of amalgam fillings	45
Number of pupils received dental certificates	38

The Well Baby Clinic and Pre-School Round-Up was held in May at the Daniels Academy Building. Thirty-six children were examined and toxoid for immunization against diphtheria was also available at this time.

Visual examinations were made and two children were found to have defective vision. I hope these can be corrected in the near future.

The audiometer was used for the hearing tests this year and one pupil was found to have defective hearing.

Twenty-seven schoolroom visits have been made to the schools during the year. I hope to accomplish more home visits and follow-up remedial work during the spring term.

A few cases of measles have occurred during the fall and winter but otherwise the general health of the pupils has been very good.

In closing I want to thank all school officials and teachers for the excellent cooperation which I have had during the year. Our goal—Good health for each child. We shall continue to strive for it.

Respectfully submitted,

VENITA H. CARTER, R.N.

RULES FOR TOWN MEETING AND CAUCUS

(These rules are to be voted on at the 1938 annual meeting under article No. 18.)

1. The election of all town officers at town meeting shall be by the Australian Ballot.
2. There shall be held a caucus for nomination of town officers at least a week before the annual meeting, at which all whose names appear on the town check list shall be privileged to participate.
3. It shall be the duty of the town clerk to post notices of such caucus.
4. The chairman of the board of Selectmen shall call the meeting to order, the caucus to elect its own officers. In the absence of the chairman, any member of the board of Selectmen shall call the meeting to order and preside until a chairman is elected.
5. The Town Clerk shall prepare a ballot substantially in the form of that used at biennial elections, for use on town meeting day, and shall cause to be placed on said ballot the names of all candidates receiving 20% or more of all ballots cast at the caucus for the office in connection with which their names appear; if however, a candidate for any office receives the unanimous vote at the caucus it will not be necessary for more than one name to appear on the ballot to be used at Town Meeting.
6. In addition to the names of all candidates nominated by caucus there shall be printed on the ballot the names of all candidates whose names are presented to the Town Clerk by six P. M. of the Thursday prior to Town Meeting, with a petition of twenty-five voters of the town.
7. Polls shall be open as soon as the opening of Town Meeting, voting to be under the rules for voting at biennial elections; closing of the polls shall be determined by a vote of the meeting provided all voters in the hall have had opportunity to vote, and as soon as the votes can be counted, the result shall be announced.
8. Should any candidate fail of a majority of all votes cast for the office for which the names appear on the ballot, there shall immediately be taken a second ballot, using the ballots provided for the meeting, unless the meeting shall vote otherwise, and the balloting shall proceed until all officers have been elected.
9. The meeting shall take up the consideration of articles in the warrant, while the balloting is in progress at the discretion of the Election officials.
